4. As we celebrated some of Mike's sterling qualities, he was little embarrassed by all the attention. We presented him with a gift certificate to Gravity Sports in McCall (to help him get acquainted with the natives) and a copy of a not-quite-ready gift: a 20x24" gallery float framed photo taken by the Dean of Colorado photographers, John Fielder. It shows the headwall of Gore Creek. Many thanks to John for his generous contribution to make this gift possible.
